3 May 2019

Dear Sir/Madam

A303 Bulford westbound pavement renewal

Highways England plans, builds, operates and maintains England's motorways and major A roads. I am writing to let you know we will shortly be carrying out roadworks near to you. A map detailing the location is included within this letter.

The works

A section of the road surface on the A303 at Bulford (near the westbound entry slip to Solstice Services) has deteriorated with age and needs to be replaced. We have planned these works to take place ahead of the busy tourist season. To minimise disruption, we'll work overnight when there are fewer vehicles on the road. During the day we will keep the carriageway open as usual.

Dates of work

Start: evening of 20 May 2019

End: morning of 24 May 2019

Hours of work: overnight 8pm to 6am (closure time subject to traffic counts)

Traffic management and diversion routes

A locally signed diversion will be in place via the A388 to the A345. Please allow extra time for your journey.

We always aim to work to the programme, however **unforeseen circumstances or adverse weather conditions may mean changes to it**. We will notify you of any major changes within the programme via advance roadside warning signs, but please also monitor www.trafficengland.com to keep up to date. We will make every effort to ensure the impact on the local community and travelling public is kept to a minimum.

If you have any questions or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**

Yours faithfully

Sam Landrigan
Customer and Communications Manager
