

# Chairmans Report May 2025

**It has been an extremely positive time for Our Council and below I list some of our recent achievements:**

- We launched the innovative Community Days Out initiative.
- Bollards were installed on behalf of Wiltshire Council, on Amenity Land in Birchwood Drive to deter cars damaging grassed areas.
- A successful Community Litter Pick was thoroughly enjoyed by children and adults.
- The provision of New Lights in the Recreation Ground providing safer passage for pedestrians.
- Creation of FREE regular events for Children and Young People delivering exciting opportunities for our young community at our Recreation Ground.
- Completion of a new safety fence at the west end of the Recreation Ground.
- Excellent Team Working from our Committees and Working Groups.

There was a huge number of achievements in 2025/26 and I wish to express my thanks to the Councillors who have proactively helped deliver real results for Durrington.

I also wish to complement our staff who have showed resilience during some difficult situations this year and overcome many obstacles. The Council is run extremely well and Teamwork has been at the heart of all we do.

Cllr Graham Wright
