

## LHFIG Report 13<sup>th</sup> May 2026

Items affecting Durrington and Larkhill

DTC are still waiting for a proposal from Kate the Highways engineer regarding white lines on Church St.

Hackthorne Road White lines still awaiting proposal from Kate for DTC to consider.

Cllr Wright has requested for five SID locations to be fitted with mounting poles so SIDs are removed from telegraph poles, this is a H&S issue, (old men climbing ladders etc) Kate will try to get costings together by next area board meeting, cost will be approx. £800 per site, £4k in total, DTC committed to £1k. This should not require planning permission.

Waiting restrictions on a number of locations in Durrington still with Kate to complete her investigations and forward to DTC.

Request from Netheravon for additional SIDs on a temp basis, GW offered to talk offline about potentially loaning a SID to them to fill this gap.
